The choice of elegance and dependability in any construction project!

www.superioraluminum.com
Superior Aluminum columns bring traditional elegance to your project at an affordable price. They are ideal for both new construction and remodeling projects in the commercial and residential markets. Made from sturdy, maintenance-free aluminum, Superior columns ensure a long-term upgrade to your building.

Available in four unique styles with a wide variety of caps and bases to choose from, Superior columns complement any facility.

**Load-Bearing**
- Superior Aluminum columns can be utilized to provide load-bearing support for covered structures such as balconies, walkways, porches, and more!
- The support offered by aluminum columns is immense: a 6” by 8’ column can itself be fully load-bearing up to 13,000 pounds, and larger sizes can hold up to 75,000 pounds!
- Superior Aluminum columns combine the load-bearing qualities of aluminum, with its aesthetic beauty to add a perfect finishing touch to any project.

**Wrap-Around**
- Superior Aluminum columns are available with wrap-around functionality to cover existing structures.
- Utilize wrap-around columns to revitalize a tired look!
- Wrap-around columns come with wrap-together, two-piece puzzle-lock or polymer caps and bases.

**Industry’s Largest Range of Sizes**
The wide selection of Superior Aluminum column sizes guarantees you will find the column that fits your project, be it a typical 6” x 8’ column for a residential porch, or a massive column up to 30’ high to support a grand entryway. No other manufacturer has a wider selection than Superior.

**Easy Assembly**
- Superior Aluminum columns assemble easily enough for one person to be able to handle.
- Simply cut the column staves to size and lock them into place.
- Slip on the cap and base on regular columns, while on wrap-around columns, lock them together around the columns.
- Complete instructions are packaged with each column.

**Baked-on Paint**
All aluminum columns, caps, and bases are supplied with a durable, baked-on finish, in the colors shown below. A mill finish is also available if custom painting is desired.

*Brown is available ONLY for 6” and 8” round fluted and square fluted columns.
**Dark Bronze and Black are available ONLY for 4” square smooth columns and 6” and 8” square columns of all profiles.

**Durability**
- Superior utilizes the power of aluminum to create a column that will not rot, split, warp, or rust like other materials.
- Aluminum products require no maintenance.
- These traits ensure aluminum columns create a durable, worry-free addition to any project.

Superior Aluminum square panel columns combine the traditional look you desire with a unique panel design that adds a touch of contemporary flair to your project!
Frequently Asked Questions

**QUESTION:** What columns can be ordered in wrap-around versions?

**ANSWER:** All square columns (except 4" square smooth) are wrap-around and fully load-bearing by design, as are 6" and 8" round columns. Round columns 10" and larger can be modified where wrap-around applications are required. Any project requiring wrap-around columns will necessitate an order of wrap-around caps and bases as well.

**QUESTION:** How do I determine what diameter of column will look right for my project?

**ANSWER:** Architects will use a complex formula for this, but an easy rule of thumb is one inch of diameter for every foot of height. For buildings 300 feet or more off the road, increasing to the next larger diameter is recommended.

Founded in 1956 in Youngstown, Ohio, Superior Aluminum began as a window manufacturer before making the switch to aluminum railing in 1960. In 1966, the company was purchased by businessmen Tom Francis and Ed Borchers.

Tom and Ed moved the company to its current home in Russia, Ohio, where continued growth forced two facility moves before eventually building their current modern 110,000 square foot facility in 1996, which remains the company’s home.

Today, Superior continues to be a privately-owned business, operated by the Francis and Borchers families. A sister company owned by the Francis family manufactures all aluminum castings, which ensures tight quality control, ultra-fast response, and easy customization when needed. The core values of honesty, hard work, and treating people with respect established by our founders remain as the foundation of the business today.

“I want to thank Superior for working with us on our courthouse project. Everything fit like a glove when it was installed! I was very impressed with the products, the ease of installation, and the precision of the fit! The name of your company is truly proper, as your product line is Superior! Once again, thank you for working with us and more in the future!”

“I wanted to extend special thanks to the Superior team for all of their assistance in helping me complete my deck on time. The railings were easy to install and absolutely visually stunning!”
