

Series 9H Horizontal Railing

Creating beautiful aesthetics by turning traditional railing on its side

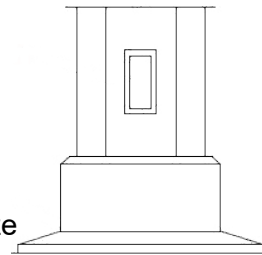

Best Used For:

- Multi-Family Housing units
- Single family residences
- Commercial buildings
- Handicap accessible entryways
- Anywhere architecturally-unique railing would elevate a project

Let's Get Sideways!

- Looking for something different in your traditional square post railing? Well do we have a solution for you!
- New Superior Aluminum Horizontal Rail adds a truly unique aesthetical twist to the traditional railing system by flipping things on their side
- Each horizontal picket is securely fastened into the post via a unique fastening system
- Lower horizontal lines are reinforced to absorb weight from resting feet or rambunctious children
- Each project is built custom to the exact size needs of the jobsite....no complicated assembly required!
- Currently available in black with more finishes coming soon!
- Horizontal rail checks all the code compliance boxes, making it as safe as it is stylish
