

Products Built Close to Home

Superior Products are made in the USA and Canada

Built Locally

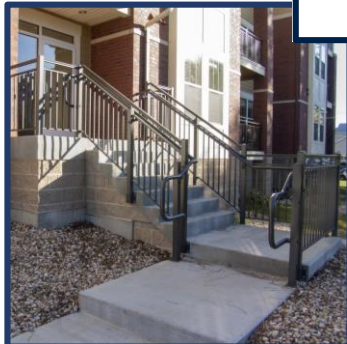

- Every Superior product that leaves the facility is 100% Assembled in the USA by American workers in Ohio
- The majority of our SKU's / components are made in the USA, with some extrusion shapes sourced from Canada
- Due to the above facts, Superior Aluminum product costs are unaffected by the recent tariffs imposed on China

Components made in the USA

Components made in Canada

Full product assembled in the USA!
